

◆ MEETING NOTICE ◆

The proposed Antelope Ridge Wind Farm will cover 47,000 acres with 164 turbines that will stand 40 stories high and funded with our dwindling tax dollars. What we will lose:

- ◆ Health
- ◆ Property values
- ◆ Jobs & revenue from tourism & recreation
- ◆ Natural wildlife habitats
- ◆ Historical treasures
- ◆ The joys of living in Union County. . .

**Become a Participant in making the decisions about our country.
Please join us!**

We welcome everyone who cares about our community to attend our grassroots meeting. We will have updates on what has transpired along with what we can do and are doing to stop the proposed wind project. We welcome you to join us!
